

Home Learning Schedule

Woodpeckers w/b 23<sup>rd</sup> March 2020

	Morning		Afternoon
	Numeracy	Literacy	
Tuesday	My Maths lesson	<a href="http://www.ictgames.com/littleBirdSpelling/">http://www.ictgames.com/littleBirdSpelling/</a> compete the first 2 bird boxes of year 3/4 statutory spellings	Our topic is All Around The World. We have been learning about the North and South Pole, the Equator and lines of Cancer and Capricorn, and beginning to locate countries by lines of longitude and latitude. This week, I am setting a mini-project using the website Explore.org – there are many videos on here of wildlife in their natural habitats. <b><u>Please make sure your child is supervised whilst using this site, as I am unable to watch all of the videos first!</u></b>
Wednesday	My Maths lesson	In your work-book, collect some different fronted adverbials e.g. ‘without hesitation’, or ‘Under the chair, a...’ Please read for 20 minutes today.	
Thursday	My Maths lesson	Thinking about the book you read yesterday, can you write a short play-script between two of the characters. Here’s a useful and fun short video-clip <a href="https://www.bbc.co.uk/bitesize/topics/zsn4h39/articles/zx8kng8">https://www.bbc.co.uk/bitesize/topics/zsn4h39/articles/zx8kng8</a>	
Friday	Topmarks 3 activities on ‘Daily 10’, use Levels 1,2,or 3 (your child is familiar with this site). 15 minutes Topmarks times tables (Hit The Button)	Choose one of the animals you have enjoyed watching on Explore.org. Write a fact-file for your favourite animal and include a drawing of it too! Can you use a good introduction and three sub-headings?	Use a world map, and choose which videos you watch. Annotate your map with the name of the animal and the continent and country where they are. You get bonus points if you can find videos from all 7 Continents and one from the Arctic! Have fun with you project learning.

*All the time!*

- *EVERY DAY... PE WITH JOE starting Monday morning at 9am on his YOUTUBE channel: The Body Coach TV (or 30 minutes physical activity each day – you can vary the time, or type of exercise). We often use you-tube videos of just dance activities and you can find more dance and songs on a Website called GoNoodle*
- *Make online contact with a different friend or relative*
- *Read a book, or comic or online text*
- *Keep a gratefulness journal – see if you can think of something different every day*

Notes for parents:

N.B. White Rose Maths has also set weekly lessons, that you can access for free. They look very good, matched to our current curriculum, with video tutorials, sheets to print off (or write answers in a workbook), and answers too! Please have a go at one of these this week, and let me know if you prefer these, or the Mymaths lessons. The benefit of Mymaths is I can 'mark' the work and give encouragement! I have set a lesson for each day for each child (sometimes the task is from the previous year group as revision will be key during this period).

Please email if you have any queries, or you want to share any photos or videos of work. I will reply as soon as I can during working hours, unless I am working at Saltwood that day. Let's keep in touch and keep smiling 😊 .
