

Home Learning Schedule

w/b 4th May 2020

Dear Parents and children,

I hope you are all well and keeping entertained during this time.

Please find two schedules below – the first one for Year 3 and the second for Year 4. These are suggestions that you could follow, depending on the amount of time available, internet availability, and levels of enthusiasm! If a task isn't exciting you, please don't feel you have to work through it; you can adapt it, improve it...or leave it!

Just do what you can, and remember to send me any work you are really proud of.

All the links needed for this learning can be found on the last page.

Best Wishes,

Miss Skinner

YEAR 3 SCHEDULE

Thursday 30th April saw the celebration of the 100th birthday of Captain Tom. Let's use this 'good news' story to shape some of our literacy this week. I would like you to become Junior News Reporters, to write a newspaper report, or record a news presentation about his efforts, and how his birthday has been celebrated.

The maths tasks are revision of learning earlier in the year, using standard methods to use number operations.

	Literacy	Numeracy	Afternoon
Monday	Watch the Newsround videos about Captain Tom. (See the links at the bottom of the page). Make notes about how he has become so famous, in his 99 th year.	 <p>Adding two three-digit numbers (27/4)</p>	Observe the plant investigation that you set up in week 1. Record and draw what you observe.
Tuesday	Write a news report for a paper, or a news presentation for TV to tell people about Tom Moore's amazing achievements. You could record yourself, reading the news!	 <p>Subtracting two three-digit numbers (28/4)</p>	Science – make a collage of a plant, labelling stem, roots, leaves, and flower. Add labels to explain the function of each part. Useful video (link below)
Wednesday	Tom Moore is now a World Record Holder. Look at the Guinness World Record Kids Website (link below). Choose one of your favourite World Records to read and then write a short recount about it, including the key facts.	 <p>Efficient addition and subtraction methods (29/4)</p>	 <p>Geography – contours, keys and symbols</p>

Thursday	 <p>BBC Bitesize - revision of contractions (link below)</p>	 <p>Mixed addition and subtraction problems (30/4)</p>	<p>Draw a picture to represent Captain Tom and his 100th birthday celebrations. It could include his many birthday cards, the RAF flypast, his promotion to Colonel and his World Record Achievements.</p>
Friday	<p>Reflection – have you been inspired by Tom Moore this week? What could you do / have you already done to help others? Could you prepare a poster of this... maybe to be included on our 'Love Project' on the school website.</p>	<p>BBC BITESIZE – Complete the Challenge of the week (1/5)</p>	<p>Bank Holidays are usually on a Monday; this year the May Bank Holiday has been moved to today! Find out why and discuss as a family.</p>

YEAR 4 SCHEDULE

Thursday 30th April saw the 100th birthday of Captain Tom. Let's use this 'good news' story to shape some of our literacy this week. I would like you to become Junior News Reporters, to write a newspaper report, or record a news presentation about his efforts, and how his birthday has been celebrated.

The maths tasks are revision of learning earlier in the year, using standard methods to use number operations.

	Literacy	Numeracy	Afternoon
Monday	<p>Watch the Newsround videos about Captain Tom. (See the links at the bottom of the page). Make notes about how he has become so famous, in his 99th year.</p>	 <p>BBC Bitesize (27/4) column addition revision</p>	<p>Observe the plant investigation that you set up in week 1. Record and draw what you observe.</p>
Tuesday	<p>Write a news report for a paper, or a news presentation for TV to tell people about Tom Moore's amazing achievements. You could record yourself, reading the news!</p>	 <p>BBC Bitesize (28/4) column subtraction</p>	<p>Science – make a collage of a plant, labelling stem, roots, leaves, and flower. Add labels to explain the function of each part. Useful video (link below)</p>
Wednesday	<p>Tom Moore is now a World Record Holder. Look at the Guinness World Record Kids Website (link below). Choose one of your favourite World Records to read and write a short recount about it, including the key facts.</p>	 <p>BBC Bitesize (29/4) – efficient addition and subtraction methods</p>	 <p>Geography – contours, keys and symbols</p>
Thursday	 <p>BBC Bitesize - using apostrophes to show possession</p>	 <p>BBC Bitesize (30/4) - addition and subtraction problems</p>	<p>Draw a picture to represent Captain Tom and his 100th birthday celebrations. It could include his many birthday cards, the RAF flypast, his promotion to Colonel and his World Record Achievements.</p>

Friday	Reflection – have you been inspired by Tom Moore this week? What could you do / have you already done to help others? Could you prepare a poster of this... maybe to be included on our 'Love Project' on the school website.	BBC BITESIZE – Complete the Challenge of the week (1/5)	Bank Holidays are usually on a Monday; this year the May Bank Holiday has been moved to today! Find out why and discuss as a family.
